

Insure a bright future

Start your career with a growing industry leader!

CAREER SUPPORT YOU DESERVE

LEADERSHIP DEVELOPMENT (Select Locations)

Well-suited for business or technology majors.

Our selective Emerging Leaders (ELP) and Supervisor Leadership (SLP) programs allow you to learn our business from the ground up, receive mentoring, coach associates and fast-track to higher-level positions. We look for graduates who excel academically, possess leadership experience and desire to one day manage a team.

- **Emerging Leaders Program** – Focus on Business Operations or Information Technology, 3.5 GPA requirement
- **Supervisor Leadership Program** – Focus on Sales, Service, Claims or Auto Damage, 3.2 GPA requirement

ANALYST & ACTUARY (Washington, D.C., area)

Well suited for quantitative majors.

From creating statistical models and analyzing data to evaluating products and implementing process improvements, you can utilize your strong quantitative and people skills to help build our business. Teams that typically hire include Underwriting, Reserving & Control, Pricing & Product Management, and the Competitive Advantage Leadership Group.

- Actuarial Assistants
- Business and Process Analysts
- Product Management Analysts

INFORMATION TECHNOLOGY (Washington, D.C., area)

Ideal for CS, MIS, IST, CE or related majors.

We're an online industry leader and use various technologies to maintain a competitive edge. From Web development to database administration, our IT departments look for high-achieving and talented graduates with related work, internship or project experience.

- Developers
- Analysts
- Programmers

INSURANCE OPERATIONS (Most Major Offices)

All majors will be considered.

Start your career in one of our major business operations: sales, service, claims or auto damage. These areas are critical to ensuring our company's growth and profitability, customer satisfaction, protection against fraud and continued success. These customer-contact positions require excellent communication and multi-tasking skills, and some require passing a licensing exam.

- Auto Damage Trainees
- Sales and Service Representatives
- Claims Representatives
- Insurance Development Path

INTERNSHIPS (Select Locations)

Designed for business, IT or related majors.

As a paid summer intern, a typical day may include conducting research, analyzing trends, improving processes, proposing strategies or presenting to management. We look for juniors and seniors with good grades majoring in business, IT or a field related to our specific departments.

For detailed descriptions and requirements, go to geico.jobs/oncampus.

We believe in lifelong learning and performance-based promotions. As a GEICO associate, you can explore a range of career development programs including:
